

Nature's Lab Super Vitamin C 1,000 mg is a non-acidic vitamin C formulated with citrus bioflavonoids and quercetin, a plant flavonol that naturally occurs in some foods like onions, apples and kale. Unlike ascorbic acid, Nature's Lab Super Vitamin C is uniquely non-acidic and gentle on the stomach.[†] Vitamin C, quercetin and citrus bioflavonoids are powerful cellular antioxidants and may provide support for healthy cardiovascular and immune function.[†]

Nature's Lab Super Vitamin C with Quercetin and Citrus Bioflavonoids utilizes easy-to-swallow and quick to digest vegetarian capsules.
