

Red Yeast Rice is a unique natural product that's been used in Asian traditional medical systems since approximately 800 A.D. It is produced by the fermentation of red yeast (*Monascus purpureus*) with white rice. Red Yeast Rice is carefully produced to avoid the presence of citrinin, a sometimes toxic by-product of the fermentation process. This product is further enhanced with the addition of CoQ10.*

CAUTION: For adults only, if you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
