

Nova Nutritions Probiotic 30 Billion CFU's is a powerful blend of 10 friendly bacteria strains and 30 billion colony forming units (cfu's) which can help support a positive balance of microflora in the intestines. Supplementing with probiotics may help to maintain friendly bacteria colonies which can be depleted by stress, antibiotics, and gastrointestinal disturbances. Probiotic 30 Billion CFU's bacteria strains survive harsh stomach acids to reach the intestinal tract where they exert their greatest benefits.*

SUGGESTED USE: As a dietary supplement, take one (1) Vcap once or twice daily with or before meals or as directed by your qualified healthcare professional.

CAUTION: For adults only, if you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
