

Modern scientific studies have shown that the Mediterranean diet, with its heavy reliance on products from the Olive tree, is one of the most healthful in the world. Olive Leaves contain a number of compounds, mainly phenols and lignans, that protect the plant from environmental stress and confer health benefits when consumed. Oleuropein, one of the best known active constituents of Olive Leaf, has been endowed with many health promoting properties linked to its antioxidant activity.*

CAUTION: For adults only, if you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
