

The Golden Spice

Curcumin, a special compound found in Turmeric, can help relieve arthritis symptoms, ease stress, improve mood, and assist with longevity and age-related issues. However, the potential of this compound has never been realized due to Turmeric's low absorption rate – until now! The HydroCure™ technology in Ambrosia Golden™ provides an industry-best 9X more effective absorption than regular Turmeric curcumin extracts. In combination with a full serving of powerful Vitamin C, its **Golden™** an unparalleled ability to reduce pain, increase your body's detox capacity, improve brain function, and lower factors involved with heart disease!
