FACTS, NOT FLUFF

Many probiotic products promote themselves with inflated claims of the "most researched" or "most recommended." Some even try to pass off spores as probiotics. Nonsense. All GoLive products contain a symbiotic blend of clinically-tested probiotics and essential prebiotics for optimal efficacy.

Suggested Use (all ages): Consume 1 or more packets daily, with or without food.

Supplement Facts

Serving Size 1 packet (9.6g) Servings Per Container 10

	Amount Per Serving	% Daily Value

Mix with your favorite unheated food or drink (water, juice, smoothie).

Enjoy any time of day, with or without food.

Repeat daily for optimal benefit.

DID YOU KNOW?

Your body contains approximately 100 trillion bacterial cells and only 10 to 30 trillion human cells. The beneficial bacterial cells play a critical role in maintaining healthy digestion, enhancing metabolism and supporting immunity.

WE'VE GOT YOU COVERED

GoLive Complete Daily Blueberry Lemon is a clinically-formulated symbiotic blend of probiotics and prebiotics to optimize efficacy and contribute to a healthy gut (and so much more).
A packet a day may even keep the doctor away.

BEST PROBIOTICS GoLive Complete Daily Blueberry Lemon includes fifteen clinically-tested strains (each addressing specific health needs and supporting digestive, immune and metabolic functions)* in a delicious and refreshing blend. GoLive products do not contain spores (e.g. Bacillus coagulans), and they never will.

ESSENTIAL PREBIOTICS Prebiotics are carbohydrates that "nourish" our probiotics. GoLive Complete Daily Blueberry Lemon includes three prebiotic soluble fibers and prebiotic organic cane sugar...a perfect "meal" for your probiotics.

LIVE & ACTIVE GoLive Complete Daily Blueberry Lemon is formulated and packaged to ensure that your probiotics are live and active when you consume them, just as nature intended. Mix with your favorite food or drink and Bring Your Diet to Life!

BETTER GUT. BETTER YOU.
