

Unique performance formulation provides a scientifically-balanced and buffered supply of absorbable sodium, potassium, magnesium, and calcium†.

SaltStick® Elixalyte™ is formulated to provide electrolytes to help minimize heat stress and muscle cramping due to perspiration. A slightly salty and citrus taste, enjoy diluted in water, add your custom concentrated flavor, or fortify your favorite sports drink. This product is ideal for endurance athletes, outdoor workers, for use in hot conditions or in other situations where the body craves electrolytes.†

SUGGESTED USE: As a dietary supplement, adults dissolve 5 mL (1 teaspoon = 1 capful) in about 500 mL (17 oz.) water or sports drink every 30-60 minutes during physical activity, for up to 30 mL (1 oz) daily. Shake to fully dissolve concentrate. Children under 18 should use only under adult supervision. Do not consume without dilution. Keep out of reach of children. Store at room temperature. Shake bottle before use.

Visit www.SaltStick.com for more information about other products and unique accessories. Also available: **SaltStick® Caps:** Concentrated balanced electrolytes in a capsule, **SaltStick® Caps PLUS:** Caffeine and sodium citrate in an encapsulated high-performance electrolyte blend. **SaltStick® FASTCHEWS®** for tasty and chewable rapid electrolyte delivery. **SaltStick® Vitassium®** as a concentrated sodium-potassium medical food.
