

Green Protein Alchemy™ takes the concept of a protein supplement to the next level. 100% free of grains, legumes, nuts, and seeds, this powerhouse protein blend showcases the unique, incredible nutritional properties of freshwater algae. In addition to being excellent sources of complete, easy-to-digest protein, these algae provide an impressive array of vitamins, chlorophyll, and phytonutrients not found in traditional protein supplements.

Combines protein-dense spirulina and chlorella with alkaline-rich grasses, nopal cactus, and vegan enzymes. Green Protein Alchemy is unlike any protein powder you have ever had and is so much more than just protein! 100% whole foods. No fillers, isolates or excipients.
