Vitamineral Green™ is an extremely potent, hard-core, green superfood complex, combining 22 of the most nutrient-dense superfoods on the planet in an easy-to-use product. Features alkalizing grasses and grass juices, freshwater algae, and sea vegetables loaded with iodine and trace minerals. Our unique formula offers a diverse blend of plant foods not commonly found in our modern diet. By including bio-diverse superfoods like nettles, horsetail, and moringa leaf, as well as non-green powerhouse superfoods like amla berry and ginger root, we've created a broad-spectrum, bio-nutritive superfood complex that is truly one of a kind.

Vitamineral Green is actual food, free of synthetic/isolated nutrients. No binders, fillers, or added sweeteners. 100% Green Focused: Not diluted with grains, legumes, seeds/chia/flax, fibers, fruits, or fillers.

Suggested Use: Start with 2 VeganCaps™ per day, and increase gradually over two weeks to suggested use of 8 VeganCaps per day. Vitamineral Green is a food. Consume with conscious, positive intent.
