Native to Africa and Asia, the moringa tree (*Moringa oleifera*) is said to be one of the most nutrient-rich plants in the world. The bark, sap, roots, leaves, seeds, and flowers are used in traditional medicine. Moringa leaves can be eaten fresh, dried, or cooked. Integrity Foods™ moringa leaves are dried and ground into a pure powder. Moringa leaf is naturally abundant in vitamins and minerals and contains all nine essential amino acids, making it a source of complete protein.

Suggested Use: Start with 1 capsule per day and gradually work up to 4 capsules per day. Consume with conscious, positive intent.
