

Product Description

Xylose Isomerase helps convert fructose from food to glucose. This is the cause of digestive problems for many people.

Alpha-Galactosidase facilitates digestion of legumes. This allows the body to breakdown fiber, protein and carbohydrate without excess gas or bloating.

Lacto-Wise® from Sabinsa is a shelf stable Probiotic and natural soluble fiber (Prebiotic). Provides human intestinal microorganisms and is a source of dietary fiber.

APLC Digestive Enzyme Blend is a complex containing Amylase, Protease, Lipase, and Cellulase. Aids in digesting carbohydrates, protein, fats, fiber and plant cellulose*

Dirobi.com

Directions

Take one to two capsules before meals or as directed by your health care professional.

Contains a proprietary blend of enzymes, prebiotics, and probiotics designed to improve general digestion, especially in people with fructose malabsorption or other digestive problems.*
