

Bioidentical Polypeptides™ is a natural immune-balancing oral spray extracted from bovine colostrum. Bio-compatible colostrum polypeptides (proteins) stimulate cytokine production and support the thymus gland for overall immune system support. Use daily for general health or as needed to optimize immune function.†

Directions: Spray twice directly into the mouth; hold for 20 seconds; swallow. Take one to four times daily.

Storage: Store at room temperature (34°–87°F). Best if used within 30 days of opening.
