PerfectAminoXP® contains the eight essential amino acids the body needs to support and maintain its muscular skeletal enzymatic and hormonal systems, which can be damaged with stress, age and exertion.\* The amino acids are considered "essential" not created by the body itself. The essential amino acids in PerfectAminoXP are in the exact proportions needed for maximum utilization by the body.\* Lack of just one of these amino acids can

affect your body's ability to build its needed body protein." Suggested Use: As a dietary supplement, take 1 scoop in 8-12 oz of cold water or juice daily, either 30 minutes before, or 1 hour after eating other proteins or fats. Use more water if needed to satisfy your taste buds. As an exercise aid, take an additional 1-2 scoops prior to

physical activity or as described by a health professional.

For best taste, refrigerate after opening and shake before use. Learn more at www.PerfectAmino.com
