

Usage Instructions: Take up to three servings per day with 3 to 5 hours in between each serving when you're around sick people (to prevent sickness) or feel you might be getting sick or are sick.

IMMUNE is an immunity booster that helps prevent sickness, reduce the severity of illness, and speed up recuperation.

It contains clinically effective doses of 5 ingredients scientifically proven to improve the immune system's ability to find and eliminate pathogens, impair the function of harmful bacteria and viruses, and enhance mood and well-being when sick.

So, if you want to get sick less often and feel better and get well faster when you do get sick, **IMMUNE** is for you.
