

Suggested Use: As a dietary supplement, mix 1 serving with 8-10 oz of water, milk, or your favorite beverage.

WHEY+ contains nothing but the highest quality whey protein isolate for several reasons.

First, whey isolate is 90%+ protein by weight, which means it's very low in carbs and fat. Second, many people are at least slightly lactose intolerant and whey isolate contains virtually no lactose. And third, whey isolate tastes and mixes better than whey concentrate.†

WHEY+ also comes from cows raised on 100% non-GMO feed and that haven't been treated with hormones or antibiotics, and it has no artificial sweeteners or flavoring, no low-quality whey concentrates or milk proteins, no amino acids added to “spike” the nutrition facts, and no junk additives like MSG or unnecessary fillers.†

Don't overpay for inferior whey concentrates or “isolate blends” offered by other companies. If you want a clean, 100% pure whey isolate at a great price, then you want WHEY+.†

WARNING: Not intended for persons under the age of 18. Do not use if pregnant or nursing. Consult a health care professional prior to consumption if you have any pre-existing medical conditions or are taking any prescription medication. Improper use of this product will not improve results and is potentially hazardous to a person's health. Use only as directed.

KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE. DO NOT USE IF SAFETY SEAL IS BROKEN OR MISSING.
