

CHD-Fulvic Acid is for those seeking a true fulvic acid supplement! Increase health, nutrient absorption and protect yourself from a toxic environment using one of nature's most key antioxidants, detoxifiers and immune boosters!*

CHD-FA has 20 different worldwide patents and is backed by a significant number of clinical trials and studies. Clinical studies indicate that CHD-FA has widespread documented health benefits. Our fulvic acid is produced with a very slow fermentation process from a pure, uncontaminated carbohydrate source. It is pure and unadulterated by chemicals or mass minerals. The simple truth is that because it's purified by a fermentation extraction, Mineralife CHD-FA has more open binding sites and is more available to work on all pathways. CHD-FA contains no heavy metals and no potentially toxic elements, making it the best fulvic acid for human and animal use.*

Guaranteed to contain no sugar, gluten, starch, yeast, milk, soy, MSG, GMO, artificial flavors, colors, preservatives or animal by-products. Suitable for vegetarians and vegans.

Third party tested.
