Suggested Usage: As a dietary supplement, adults may take 2 capsules each day with food for 1 to 2 weeks or as directed by your health professional.

The dose may then be increased to 4 capsules each day with food for 2 to 4 months or as directed by your health professional.

After 2 to 4 months, dosage may be lowered back down to 2 capsules each day with food and may continue on that dosage as needed or as directed by your health professional.

WARNING: Not to be taken by pregnant or lactating women. If you have any health condition or are taking any medication, consult your health professional before use.

KEEP OUT OF THE REACH OF CHILDREN.

Store in a cool, dry place. Use only if safety seal is intact.
