SUGGESTED USE

LIQUID HERBAL EXTRACT

BLACK HAW

Viburnum prunifolium

Stem & Root Bark

HERBAL DIETARY SUPPLEMENT

4 Fluid Ounces (118.4 ml)

We prepare our Black Haw Extract from the stem & root bark of *Viburnum prunifolium* trees which are **Certified Organically Grown** or **Custom Wildcrafted™** in their wild native habitat.

To assure optimal extraction of Black Haw's bioactive compounds, the bark is hand-harvested in the early spring, is carefully shade-dried, and is then thoroughly extracted. Our Black Haw is never fumigated or irradiated.

Dry herb / menstruum ratio: 1 : 5

Contains **certified organic grain alcohol (50-55%)**, distilled water, vegetable glycerine & Black Haw extractives.
