LIQUID HERBAL EXTRACT

BLOODROOT

Sanguinaria canadensis
Whole Rhizome

HERBAL DIETARY SUPPLEMENT
4 Fluid Ounces (118.4 ml)

We prepare our Bloodroot Extract from the rhizome of *Sanguinaria canadensis* plants which are **Certified Organically Grown** especially for us in their native forest habitat in eastern Kentucky.

To assure optimal extraction of Bloodroot's bioactive compounds, the rhizome is hand-harvested in late summer or early autumn, is carefully shade-dried, and is then thoroughly extracted.

Our Bloodroot is never fumigated or irradiated.

Dry herb / menstruum ratio: 1 : 10

Contains **certified organic grain alcohol** (54-64%), distilled water, dilute hydrochloric acid & Bloodroot extractives.
