

The human digestive tract is a mini-universe in which countless species of both healthy and unhealthy organisms compete for survival. A healthy gut is possible only when we enjoy a natural balance between these organisms. By helping break down fibrous substances in the gut, the high quality enzymes in Candisol® may help promote that balance. It has been a popular choice of natural health practitioners for years.*

Storage: Keep tightly closed at room temperature.

Caution: This product contains enzymes. If you experience abdominal discomfort including bloating, gas, indigestion, cramps, and irregularity, discontinue use. Please keep all supplements out of children's reach.

Guarantee: Candisol® does not contain artificial colorings or flavorings, GMOs, sugar, soy, yeast, corn, dairy, gluten or wheat. It is suitable for vegetarians, and is guaranteed to your complete satisfaction.
