

About Prostate Support System™

300 mg of beta sitosterol is routinely prescribed for prostate support in Europe. Prostate Support System™ combines this therapeutic amount (along with trace minerals that are vital to prostate function) with herbs used by holistic physicians for centuries before beta sitosterol was discovered. The result is a prostate support system so profound that positive results appear within 30 days.*

Prostate Support System™ does not contain artificial colorings or flavorings, GMOs, sugar, soy, yeast, dairy, gluten, or wheat, and is suitable for vegetarians.

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
