

## ONCE YOU TRY IT, YOU WILL NEVER TRAIN WITHOUT IT!®

Contains A Patented Nutrient Suspension Matrix & Efforsorb Delivery System covered by U.S. Patents 5,925,378 & 6,294,579\*

CAUTION: N.O.-XPLODE™ IS AN EXTREME PERFORMANCE IGNITER.\* IT IS NOT RECOMMENDED THAT YOU CONSUME MORE THAN 3 SCOOPS PER DAY.

Stack with NITRIX®, ATRO-PHEX®, CELLMASS®, AXIS-HT™, SYNTHA-6™ and TRUEMASS® for maximum physique and performance impact.\*

DESIGNED FOR: Healthy adults 18-50 years of age seeking to support performance, and muscle development during resistance exercise or other forms of fitness training.\*

RECOMMENDED USE TO ASSESS YOUR TOLERANCE: As a dietary supplement, begin by consuming 1 scoop of N.O.-XPLODE™ mixed with 5-6 oz of cold water. Vary the amount of water to achieve your desired flavor and sweetness level. Wait 30 minutes to assess your tolerance. If appropriate, after 30 minutes consume an additional 1 scoop mixed with 5-6 oz of cold water and assess your tolerance again.

RECOMMENDED USE ON TRAINING DAYS: Once your tolerance has been assessed, mix 1-3 scoops with 5-18 oz of cold water and consume 30-45 minutes before training. Use approximately 5-6 oz of water per 1 scoop of powder. Again, vary the amount of water to achieve your desired flavor and sweetness level. To achieve maximum results, take on an empty stomach (i.e. at least 2 hours after a meal or 1 hour after drinking a protein shake).

NON-TRAINING DAYS: Mix 1 scoop with 5-6 oz cold water and consume on an empty stomach.

For maximum results consume 120 oz water per day alongside a protein and carbohydrate-rich diet. Your body chemistry and weight will determine how long it takes to experience the initial effects of N.O.-XPLODE™. Many may notice focus and muscle-volumizing effects within 5-15 minutes of ingestion.\* These effects tend to become more pronounced every few minutes thereafter. Others may begin noticing effects within 30-45 minutes of ingestion, again the effects becoming more pronounced every few minutes thereafter. N.O.-XPLODE™ induces its maximum effects 1-5 hours after ingestion. After 12 weeks of use, discontinue for at least 4 weeks. Store N.O.-XPLODE™ in a dry spot away from direct sunlight.

WARNING: Before consuming N.O.-XPLODE™ seek advice from a physician if you are unaware of your current health condition or have any pre-existing medical condition including but not limited to: high or low blood pressure, cardiac arrhythmia, stroke, heart, liver, or thyroid disease, anxiety, depression, seizure disorder, psychiatric disease, diabetes, pernicious anemia, difficulty urinating due to prostate enlargement, or if you are taking an MAO inhibitor or any other medication. Do not use if you are contemplating pregnancy, pregnant, nursing, prone to dehydration, or exposed to excessive heat. Reduce or discontinue use if sleeplessness, tremors, dizziness, nervousness, headaches, or heart palpitations occur. Please be aware this product contains the naturally occurring amino acid Beta-Alanine, which may cause a tingling skin sensation in some individuals similar to niacin flush. This effect should diminish after a few hours and should ultimately subside after days of continuous use. Although rare, individuals with the genetic disorder Hyper Beta-Alaninemia should not use this product. N.O.-XPLODE™ is only intended to be consumed by healthy adults 18-50 years of age. Keep out of reach of children and pets.

Consumer is responsible for ensuring that his/her use of this product complies with the rules and regulations of all governing bodies or other entities having jurisdiction over any sport or athletic activity in which he/she participates as well as any career regulations. User assumes all risks, liabilities, and consequences related to any and all non-compliance issues that may arise by these entities.
