

3 Ways to Enjoy!

Classic Iced

Mix 1 scoop of Select Café Protein with 6–8 oz of cold water, milk, or milk–substitute. Shake in a shaker cup or stir with a spoon. Pour mixed drink into a cup of ice and enjoy!

Blend it! – Frappé Style

Add 1 scoop of Select Café Protein to a blender with 4 oz of cold water, milk, or milk–substitute, and 1 cup of ice cubes. Blend until desired consistency is reached.

Classic Hot

Prepare 6–8 oz hot water at your desired temperature (Do not use boiling water, as this will cause the product to clump, best results are when water is 185–190°F). Add approximately 1/2 scoop of the Select Café Protein to the water and mix with a spoon. Once mixed, add the remaining powder and mix again.
