

Marine Grade Collagen Powder

PURE HYDROLYZED COLLAGEN
Bioactive Peptides
(Ethically Harvest Non GMO)

A Dietary Supplement

Net Weight 3 oz (85 g)

Supplement Facts[#] Serving Size: 1 Tablespoon Approximately 6 g per serving Servings Per Container: 30

APS (amount per serving)

APS % D.V.*

Calories 45
Protein 11 g
Sodium (Naturally Occurring) 35 mg 2%
Note: ~6 grams per tablespoon is an average.
Individual use may yield slightly less or slightly more than 6 grams.

Typical Amino Acid Profile Per Serving**

Alanine	1,686 mg
Arginine	532 mg
Aspartic Acid	510 mg
Glutamic Acid	883 mg
Glycine	4,075 mg
Histidine††	86 mg
Hydroxylysine	94 mg
Hydroxyproline	968 mg
Isoleucine††	115 mg
Leucine††	238 mg
Lysine††	326 mg
Methionine††	127 mg
Phenylalanine††	168 mg
Proline	1,243 mg
Serine	373 mg
Threonine††	298 mg
Tyrosine	10 mg
Valine††	266 mg

††Essential Amino Acids

Natural variations may occur.

Other Ingredients: Hydrolyzed marine collagen peptides [from non-GMO verified, wild ethically caught Pacific Snapper].

† (% D.V.) Percent Daily Values based on 2000 Calorie diet.

** Percent Daily Value not established.

Suggested Use: As a dietary supplement, healthy adults combine two scoops into your favorite beverage or meal once daily and mix thoroughly.

Helpful Tip: Collagen Peptides may clump in cold water. To enjoy Collagen Peptides in cold liquid, simply mix into room temperature liquid first and then add ice.

Options To Enjoy:

Add to your morning coffee/tea, orange juice or protein shakes & smoothies. Also great in cereals, soups or yogurt for additional nutritional support.

Allergen warning: Contains fish.

Warnings: Collagen is not a complete protein. Do not use to replace dietary protein or for weight reduction.

Storage Information: Store at room temperature, in a dry place. Protect product from excessive heat, freezing, humidity, and light.

Caution: Keep out of reach of children and pets. Consult with a qualified healthcare professional prior to using this product, especially if you are pregnant, nursing, have diagnosed medical conditions, or are taking prescription medications. Do not exceed recommended daily intake.

This product is packaged by weight, not by volume. Settling of contents occurs over time and cannot be avoided. Variations in aroma, color, taste and solubility may occur.

Collagen is found naturally in the body and makes up about 70% of protein in the skin. It keeps skin, bones, and joints strong, acting as glue to hold tissues together. As we age, collagen begins to deplete, leading to signs of aging like wrinkles, sagging skin, and joint pain. Supplementing with collagen, however, may help reduce these symptoms.

This collagen powder is sourced from ethically caught wild Pacific Snapper and has the highest bio-availability of all collagen supplements.

With COLLAGEN TYPE 1, 2, AND 3: Marine Collagen includes collagen Types 1, 2, AND 3. Most other brands will often only contain one or two types of marine collagen. With our formula, you get all 3 types rich in Amino Acids.
