

Body Dynamics Mega Cleanse EXTRA

This formula of herbs and super foods was designed to support the cleansing process by moving excess fecal waste from the bowel and encouraging normal bowel and liver function.*

Suggested Usage:

To find the optimum dosage for your particular metabolic rate, it is best to increase the number of capsules every 3 days until the desired result is attained.

Begin with (1) capsule with the evening meal for 3 days. On the 4th day, take (2) capsules per day. (1) with the noon meal, and (1) with the evening meal for an additional 3 days. You may increase to 6 capsules per day, (3) with lunch and (3) with dinner until your evacuations are normal. When you experience loose stools, decrease the number of capsules until you are eliminating 2-3 times per day. This formula can be taken alone or with the Mega Wellness Internal Cleansing Complex.
