We prepare our Bugleweed Extract from the flowering aerial parts of *Lycopus* spp. plants which are Certified Organically Grown on our own farm or are Custom Wildcrafted™ in their natural wild habitat.

To assure optimal extraction of Bugleweed's bioactive compounds, the herb is hand-harvested while in full flower, is carefully shade-dried, and is then thoroughly extracted.

LIQUID HERBAL EXTRACT

BUGLEWEED

Lycopus spp.
Flowering Herb

HERBAL SUPPLEMENT

1 fluid ounce (29.6 ml)
