

## PROMOTE MENTAL OUTPUT.

Motivation can enhance mental and physical performance. It is made with a safe and effective synergy of energizing ingredients and is great to keep pace for hours without mental fatigue. Tyrosine, in **Motivation**, is a rare ingredient shown to improve performance under stressful conditions. The Guarana Seed Extract is released slowly over as long as four hours to give you sustained energy, not the quick bursts you get from coffee or other energy products. Reach for **Motivation** before working, training, studying, or competing!\*

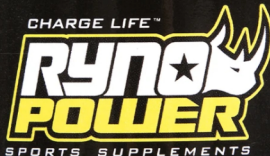

**SUGGESTED USE:** Take 2 capsules approximately 45 minutes prior to activity. Do not exceed 4 capsules in a 24 hour period.
