

Why Does Your Body Need EnzyBiotic®?

Healthy digestion requires a balance of probiotics (good bacteria) and digestive enzymes to properly break down food in the stomach and intestines.

Digestive efficiency allows for enhanced nutrients absorption.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

**SEBiotic® are a specialized lactic acid and spore-producing bacteria that possess the positive benefits of healthy bowel function such as lactobacillus and bifidobacterium— for intestinal homeostasis and function, the production of anti-pathogenic compounds, and immune function with long-lasting shelf life.*
