

Take the Pure Advantage™

Pure Protein, Pure Quality, Pure Results.

Pure Advantage's Whey Advantage uses a superior source of whey proteins and milk protein isolate (containing casein and whey) for the ultimate multi-functional time released protein. Since whey rapidly increases protein synthesis and casein blocks protein breakdown, Whey Advantage is the ideal combination for sustained amino acid availability.*

Whey Advantage offers a powerful supply of ingredients to help maximize lean muscle mass and increase recovery potential. This protein blend provides an optimal release of amino acids into the bloodstream to potentiate an anabolic state and support gains in lean muscle mass.*

Whey Advantage contains a source of bioactive milk compounds (Microlactin™) which have been clinically proven to promote healthy joint function and speed up recovery time. Microlactin™ may also help decrease joint pain and stiffness while significantly improving mobility and range of motion.*

Whey Advantage is also enhanced with L-Glutamine. L-Glutamine is the most abundant amino acid in muscle tissue and it's responsible for the recovery and repair of muscle tissue. L-Glutamine also helps maintain a healthy immune system.*

Contains no artificial colors, flavors, sweeteners, or glutens.

Allergen Information: Contains Milk.

So get the Advantage with Pure Advantage™

Microlactin™ is a trademark of Biotin Milk Biologics, Inc. U.S. Patent No. 5,950,175.

*The % daily value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

Ingredients: Whey Advantage Proprietary Protein Blend: (Ultra-Filtered Whey Protein Concentrate, Cross Flow Micro-Filtered Whey Protein Isolates, Milk Protein Isolates, IgG Hyperimmune Monoclonal Peptides (Microlactin) & L-Glutamine), Flavors, Fructose, Natural Flavors, Sweet Leaf® Stevia and Sunflower Lecithin.

Amino Acids play central roles in both as building blocks of protein and as intermediates in metabolism.

Typical Amino Acid Profile Per Serving:

Alanine	1550 mg	***Leucine	2920 mg
Arginine	740 mg	***Lysine	2450 mg
Aspartic Acid	2630 mg	***Methionine	740 mg
Cysteine	680 mg	***Phenylalanine	1020 mg
Glutamic Acid	5200 mg	Proline	1940 mg
Glutamine	1100 mg	Serine	1450 mg
***Histidine	850mg	***Threonine	1800 mg
***Isoleucine	1720 mg	***Tryptophan	620 mg
***Valine	1670 mg	Tyrosine	860 mg

***Essential Amino Acids ***Branched Chain Amino Acids
V The Tryptophan in this product is naturally occurring.
