

Calcium Bis-Glycinate utilizes calcium bound to the amino acid glycine, which helps enhance intestinal absorption. In human studies, calcium Bis-Glycinate has been shown to be of the most soluble forms of calcium.

Magnesium Aspartate helps regulate levels of calcium and other nutrients in the body.

Plant Based Vitamin D is added to support the absorption of calcium in the body.

*Digeseb®Plus is a proprietary blend of acid stable plant based enzymes supplying (Amylase, Protease I, Protease II, Lipase and Cellulase) for enhanced bioavailability. Digeseb®Plus is a registered trademark of Specialty Enzymes & Biochemicals.
