

LIVE FOR THE PUMP!™

Stack with ATRO-PHEX®, CELLMASS®, N.O.-Xplode™, AXIS-HT™, SYNTHA-6™, and TRUE-MASS® for maximum physique and performance impact.

DESIGNED FOR: Healthy persons seeking to support or enhance lean muscle, physical performance, and recovery.*

RECOMMENDED USE FOR PERSONS UNDER 200 LBS: As a dietary supplement, take 3 tablets 3 times per day, every day. Always take NITRIX® on an empty stomach (i.e. approximately 30-45 minutes before meals or 2 hours after a meal). Taking NITRIX® with food or on a full stomach may diminish its effects. Take the first 3 tablets in the morning upon arising, the second 3 tablets before lunch, and the third 3 tablets before dinner.

RECOMMENDED USE FOR PERSONS OVER 200 LBS: Follow the same guidelines as above, but take 4 tablets 3 times per day, every day, on an empty stomach.

WARNING: Before consuming NITRIX® seek advice from a health care practitioner if you are unaware of your current health condition or have any pre-existing medical condition including but not limited to: high or low blood pressure, cardiac arrhythmia, stroke; heart, liver, or thyroid disease; anxiety, depression, seizure disorder, psychiatric disease, diabetes, pernicious anemia, difficulty urinating due to prostate enlargement, or if you are taking an MAO inhibitor or any other medication. Do not use if you are pregnant, nursing, prone to dehydration, or exposed to excessive heat. Reduce or discontinue use if sleeplessness, tremors, dizziness, nervousness, headaches, or heart palpitations occur. Combining NITRIX® with alcohol may increase the risk of low blood pressure (hypotension) and/or low blood sugar (hypoglycemia) particularly in the fasted state. Please be aware this product contains the naturally occurring amino acid Beta-Alanine, which may cause a tingling skin sensation in some individuals similar to niacin flush. This effect should diminish after a few hours and should ultimately subside after days of continuous use. Although rare, individuals with the genetic disorder hyper Beta-Alaninemia should not use this product. NITRIX® is only intended to be consumed by healthy adults 18-50 years of age. Keep out of reach of children and pets.

NITRIX® supports the following segments of the BSN Supplement Pyramid™: Muscle Support, Performance Support and Recovery Support.* For more information visit www.BSNOnline.net.

Phosphoplexx Di-Calcium Phosphate, Di-Potassium Phosphate, & Sodium Phosphate		**
NAD (Nicotinamide Adenine Dinucleotide)		**

*Percent Daily Value Not Established.

Other Ingredients: Magnesium Stearate and Stearic Acid.

NOTE: Do not take glutamine supplements and NITRIX® at the same time, as doing so may diminish its effects. Keep intake of glutamine supplements to 10g or less of glutamine daily. For more info see Q&A section of www.BSNOnline.net. To maximize the vaso-muscular volumizing effects, take NITRIX® 3 times per day, every day.* Also consume 120 oz. of water per day and a diet that is rich in protein and carbohydrates. Your body chemistry and weight will determine how long it takes to experience the effects of NITRIX®. Many users may notice the effects within the first 7-14 days of recommended use. Each week thereafter, the effects will become more pronounced. Other users may notice the initial effects after 14-21 days of use. Again, the effects will become more pronounced each week thereafter. NITRIX® begins to induce its maximum vaso-muscular volumizing effects in weeks 3-12.* After 12 weeks of use, discontinue for at least 4 weeks. Store in a cool dry place!

Allergen Warning: Manufactured on equipment which processes products containing soybeans, shellfish, and peanut flavor.
