LIQUID HERBAL EXTRACT

CAT'S CLAW

(Uña de Gato)

Uncaria tomentosa

HERBAL SUPPLEMENT

1 fluid ounce (29.6 ml)

006

We prepare our Cat's Claw Extract from the inner bark of *Uncaria tomentosa* vines which are **Custom Wildcrafted™** by indigenous Indians in the Pucallpa region of the Peruvian Amazon.

To assure optimal extraction of Cat's Claw's bioactive compounds, we use only the inner bark which is hand-harvested, carefully sun-dried and cleaned of outer bark, and is then thoroughly extracted.

Cat's Claw Liquid Extract

Ingredients: certified organic grain alcohol (62-72%), distilled water, vegetable glycerine, dilute hydrochloric acid & Cat's Claw extractives.

Dry herb / menstruum ratio: 1 : 4

SUGGESTED USE

SHAKE WELL BEFORE USING

Two to four times per day
take 30 to 40 drops in a little water.

Caution: Scientific research indicates that Cat's Claw may have an antifertility action by deterring implanting of a fertilized egg.

Keep Out of the Reach of Children
