

NitroVasc™ Boost combines an innovative source of arginine with polyphenols from the aronia berry to promote healthy vasodilation and circulatory health.* This tasty drink mix encourages endothelial nitric oxide (NO) production in your vascular endothelium, the delicate inner lining of your blood vessels that is responsible for the healthy function of your vital arteries and veins.*

Read the entire label and follow the directions carefully prior to use.

DIRECTIONS: Mix one (1) stick pack in 8 oz of water. Drink on an empty stomach, or as recommended by a healthcare practitioner.
