

TRUTH

We pledge total truth in labeling. Our family of products contain only the purest and most potent ingredients. **Guaranteed.**

Policosanol is the generic term used for a mixture of long chain fatty alcohols found in beeswax, jams, sugar cane and wheat germ oil. Triacontanol and Octacosanol are the main components of the policosanol complex. Octacosanol, Triacosanol combined with other naturally occurring components from policosanol work with the nutrients in **Octacosanol+™** to support the maintenance of cholesterol levels within normal range, proper nerve function and endurance.\*

**This product is free of citrus, corn and yeast.**

Color of this product may vary due to color variations of the natural ingredients.

**Warning:** If you are pregnant or nursing, consult your health care practitioner before taking this product.

**Keep out of reach of children. Store in a cool, dry place.**
