

NOURISH YOUR BRAIN

IT MAY REDUCE THE RISK OF
CORONARY HEART DISEASE

WWW.WILEYSFINEST.COM

SUMMIT DHA

Summit DHA is a great-tasting lime flavored Omega-3 liquid. Our naturally-occurring DHA from sustainably harvested wild Alaska Pollock oil benefits everyone looking to increase their DHA intake. Our convenient formula can be taken by the spoonful or added to cold food and smoothies.

Summit DHA offers a highly concentrated serving of 2140 mg of DHA in every spoonful. DHA (docosahexaenoic acid) is an important Omega-3 fatty acid needed throughout the body, but concentrated in our brain and eyes. Since it's difficult to produce enough DHA, consuming DHA directly is best.

Made with  ALASKA OMEGA®

OUR STORY

Our Omega-3s are purified and concentrated from Wild Alaska Pollock Fish Oil at our family-owned-and-operated facility located in the heart of the Midwest. NSF Contents Tested & Certified proves our product meets label claim and is safe from harmful contaminants.
