PLATINUMMATRIX COLLECTION

NeoCell's **Platinum Matrix** Collection is a premium line of nutraceuticals scientifically crafted to support collagen health on a systemic level, targeting specific wellness concerns for total body vitality.

COLLAGEN MATRIX & CERAMIDES

Ceramides are a clinically-tested multifunctional nutraceutical that fortify the skin's outermost layer and act as a water barrier to prevent the evaporation of moisture through the epidermis, keeping the skin hydrated and supple.

Ceramides also prevent the breakdown of the skin's collagen matrix by inhibiting collagenase, an enzyme that degrades collagen.*
