

**How It Works:** PanaMAX is a novel ginseng formulation that provides balanced energy and alertness, while also promoting a sense of calm. Our inspiration was a traditional Chinese formula called "Shengmai San." PanaMAX contains both root and leaf extracts of Panax ginseng to provide a very balanced ginsenoside profile, and Schisandra chinensis, which significantly increases the bioavailability of the ginsenosides. Paired together, you get all the ginsenosides in the Panax ginseng plant in a highly-absorbable form.

Made in the USA with US and Imported Ingredients

## Balanced Energy And Stress Levels\*
