We prepare our Damiana Extract from the leaf & flower of *Turnera diffusa* var. *aphrodisiaca* shrubs which are Certified Organically Grown or Custom Wildcrafted™ in their native Baja, Mexico habitat.

To assure optimal extraction of Damiana's bioactive compounds, the plants are hand-harvested, are carefully shade-dried and cleaned of stems, and are then shipped directly to our laboratory for thorough extraction.

Our Damiana is never fumigated or irradiated.

Dry herb / menstruum ratio: 1 : 5

Contains certified organic grain alcohol (55-60%), distilled water & Damiana extractives.
