

Vitamin C is considered a staple in any supplement routine. Its powerful antioxidant properties, ability to promote healthy skin, and support of the immune system, contribute greatly to overall health. In addition, the body's inability to store vitamin C makes it necessary to replenish on a daily basis. The addition of bioflavonoids to our **Orange Juice Cee** optimizes the absorption of Vitamin C.[†]

This product contains honey. Not for use by children under the age of one.
