

Biotin Blast®

Very high dose biotin. Biotin is an essential coenzyme for a variety of carboxylation reactions, including the activation of acetylCoA carboxylase, a crucial enzyme in the normal, healthy synthesis of myelin.* Gluten Free.

Suggested Use

As a dietary supplement, 1 capsule one to three times daily with meals, or as directed by a healthcare practitioner.

Caution: Discontinue use for 15 days before any lab test that uses (strept)avidin-biotin technology. Candidates include thyroid, cardiac, fertility, hormonal, bone metabolism, and other tests. Raised blood levels of biotin may interfere with results.
