Phynova, a Life Science company specializing in plant-derived products, was founded in Oxford, UK in 2002. Phynova turns the nutritional power from plants into next generation solutions that restore and maintain balance in human health.

Reducose® is a patent-protected and clinically studied extract of white mulberry leaf that has been scientifically formulated to support a normal, healthy blood sugar response in healthy individuals*. When taken before a meal, Reducedose® inhibits the enzymes that break carbohydrates and sugar into glucose, resulting in less glucose getting into the blood. Reducedose® may provide support for normal insulin utilization*.

SUPPORTS A NORMAL, HEALTHY
BLOOD SUGAR RESPONSE*

MAY PROVIDE SUPPORT FOR
NORMAL INSULIN UTILIZATION*

MAY HELP REDUCE THE DIGESTION
AND ABSORPTION OF CARBOHYDRATES*
