**Branch Chain Amino Acids

Nonessential Amino Acids (NAAs)

Aspartic Acid	2265mg
Serine	1303mg
Glycine	560mg
Alanine	1021mg

NOTHING COMPARES TO 50/50 SOME MAY TRY, BUT THEY DON'T EVEN COME CLOSE

Research has shown that a precise combination of whey protein and casein accelerates recovery and protein synthesis. For this reason, we included clinically validated servings of each in our great tasting protein powder. We didn't get into this business to be second best, which is why 50/50 Formula-X™ is unparalleled in terms of taste and quality.

Some companies claim to be GMP, but our 50/50™ protein is made in a certified GMP facility. There is a huge difference between claiming to be GMP and being certified. We know the difference, which is why our protein is guaranteed to exceed label claims. No one can compete at our level.

SUGGESTED USE: As a dietary supplement mix 1-2 scoops of Apollon Nutrition 50/50 Formula-X™ in 6-12 fl oz. of cold water within 30 minutes of your workout. Also take another serving before bedtime. You might want to consider taking a serving first thing in the morning and 30-45 minutes before your workout. Apollon Nutrition 50/50 Formula-X™ can be consumed between meals for added daily amount of protein or can be added to your meals i.e. oatmeal.

WARNING: NOT INTENDED FOR USE BY PERSONS UNDER THE AGE OF 18. KEEP OUT OF THE REACH OF CHILDREN. If you are pregnant or breast feeding, consult your health care professional before using this product. People with known medical conditions and/or taking drugs should consult with a licensed physician prior to taking.
