We prepare our Feverfew Extract from the leaf & flower (no stem) of *Tanacetum parthenium* plants which are **Certified Organically Grown** on our own farm without the use of chemical fertilizers, pesticides or herbicides.

To assure optimal extraction of Feverfew's bioactive compounds, the plants are hand-harvested only while in full-flower, are carefully shade-dried to retain their full color & aroma, and are then thoroughly extracted.

Our Feverfew is never fumigated or irradiated.

Dry herb / menstruum ratio: 1 : 5

Contains **certified organic grain alcohol** (66-76%), distilled water & Feverfew extracts.
