

CONTAINS NO artificial colors, flavors, or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish, or fish. Suitable for vegans.

Tart Cherry (*Prunus cerasus*) is rich in polyphenols called anthocyanosides that contribute to the fruit's red pigmentation. Similarly, turmeric (*Curcuma longa*) is rich in the polyphenol curcumin, giving the spice its bright yellow color. These compounds, however, are much more than pigments - they are highly prized health-boosting substances because of their antioxidant properties, protecting cells from free radical damage. In addition, anthocyanosides and curcumin help manage appropriate levels of cyclooxygenase (COX) enzymes, supporting healthy tissues and joints, and positive control of immune responses.¹
