

SUGGESTED USAGE: As a dietary supplement, take 1 softgel daily, or as directed by your healthcare practitioner.

HOW IT WORKS: Vitamin E (d-alpha-Tocopherol) is the body's primary fat-soluble antioxidant vitamin.* Vitamin E functions at the cellular level, where it traps and neutralizes free radicals, helping to stabilize and protect cell membranes.* Although Vitamin E works throughout the body, it is particularly important for the healthy maintenance of tissues that are most vulnerable to oxidative stress, including red blood cells, blood vessels, eyes, and lungs.* It is also critical for the proper function of the immune system.* Sun-E™ 400 is a soy-free, natural Vitamin E derived from Identity Preserved (IP), Non-GMO Sunflower Seed Oil.

CAUTIONS/INTERACTIONS: Vitamin E may interact with anti-coagulant and anti-platelet medications. Consult your healthcare practitioner prior to use of this product if you are taking prescription medications (e.g., warfarin and clopidogrel) or NSAIDs, or if you are pregnant/lactating.
