

Originally formulated by Dr. Friedrich Douwes, MD (Klinik St. Georg) and Stephen A. Levine, PhD (ARG), this reformulated proprietary blend of herbs and nutrients now includes riboflavin-5-phosphate, P5P, 5-MTHF, and methylcobalamin. Convenient powder form is a fraction of the cost of these nutrients taken separately.

As a dietary supplement, 1 level scoop one or two times daily, mixed with desired liquid, or as directed by a healthcare practitioner.

Variations in product color may occur. Keep in a cool, dry place, tightly capped.

Product is sold by weight, not volume. Some settling may occur.

Contains: **Soy.**
