

## TriEnza Powder from Houston Enzymes

ITEM NO. HN005-P180

TriEnza aids in the digestion of food proteins (including gluten, casein and soy), carbohydrates, sugars (including lactose), fats and polyphenols. TriEnza includes the DPP IV (dipeptidyl peptidase 4) enzyme activity which aids in the breakdown of casomorphin (from casein) and gluteomorphin (from gluten).†

TriEnza was developed by Dr. Devin Houston, Ph.D. enzyme biochemist.

**SUGGESTED USE:** Mix 584 mg. (approximately 1/4 teaspoon or slightly heaping scoopful using enclosed scoop) with food or beverage at the beginning of each meal. 584 mg or 1/4 teaspoon equals 2 capsules of TriEnza. More may be taken as desired. Use care not to inhale enzyme powder. TriEnza may be taken with other Houston Enzymes products.

Do not use if tamper-proof seal is broken. Keep container closed and store at room temperature or in freezer, but do not place in refrigerator due to humid conditions.
