

**Directions:** As a dietary supplement, take one or more daily under the tongue, or as directed by your health care professional.

This nutrient is involved in a variety of functions which work to assure the normal functioning of all cells. B-12 is needed to help with the metabolism of amino acids, supports the central nervous system and the gastrointestinal tract. B-12 also helps support red blood cell formation as well as the synthesis of DNA and it contributes to neural function. B-12 is the primary nutrient lacking in pernicious anemia. This sublingual form of B-12 provides optimal assimilation of this important nutrient.†

Store in a cool, dry place and away from direct light.

**KEEP OUT OF THE REACH OF CHILDREN. DO NOT USE IF SAFETY SEAL UNDER CAP IS BROKEN OR MISSING.**
