

Directions: As a dietary supplement, take one tablet before bedtime, or as directed by your health care professional.

Tired of being tired from inadequate sleep? Melatonin is a hormone produced by the pineal gland located in the brain. When melatonin is released, it causes relaxation and initiates the sleep cycle. Melatonin also may provide strong antioxidant protection and support a healthy response from the body's defense system. Enjoy one of life's most precious gifts: a good night's sleep.†

Store in a cool, dry place and away from direct light.

KEEP OUT OF THE REACH OF CHILDREN. DO NOT USE IF SAFETY SEAL UNDER CAP IS BROKEN OR MISSING.
