Dual Action Formulation

KNatural™ patent pending formulation helps stimulate activity in the brain*. **KNatural™** works in both the mind and body to support the body's natural detoxification systems*. The proprietary blend of amino acids is specifically designed to help improve concentration*, focus*, and memory*. The addition of Vitamin C supports the removal of free radicals and oxidants. The result is environmental toxin removal providing nutrients to support health and vitality.

This patent pending product helps remove toxins* including lead, mercury, arsenic, cadmium, chromium, pesticides and solvents. The removal process captures these environmental toxins and holds them until passed through the body. **KNatural™** helps support proper cellular nutrition, protein formation, and healthy brain function.
